

# Miami County, IN Highlights

## Introduction

The first edition of the *County Highlights* was published in 1993. Lillian Miles, then Labor Market Analyst for the Gary Primary Metropolitan Statistical Area, originated the idea for this descriptive area publication.

*Highlights* are now a web publication as a result, the data can be updated throughout the year, not just on an annual basis. These *Highlights* are available in easy-to-use web format but are also printable and e-mailable and provide a snapshot of critical population and workforce statistics for each of Indiana's 92 counties, eleven Economic Growth Regions, and the State of Indiana.

Each *Highlights* includes an overview of the demographics and workforce of an area, from its population to the size of its labor force and the industry mix of jobs and wages.
